MARCH 2025

Our goal is the successful reintegration of every warfighter. The ADVANCE 7-Day is a unique program that offers a solution for operational stress, psychological trauma, and reintegration issues while keeping veteran's careers on track. Our program is available to active duty, reserve, veteran, and retired military personnel, as well as first responders. We accept military personnel from any conflict, operation, or branch, and all expenses are 100% covered.

My experience at Warfighter Advance was an eye opening one. I really opened myself up to the process. I realized the only thing or person that can help me overcome and understand my moral injury is me. I came to the program thinking there

was something wrong or broken about myself that I needed help fixing. WA helped me understand there is nothing wrong or broken and that I didn't need help fixing anything but rather needed help healing. A program by veterans for veterans is what I needed. Thanks to WA, I truly understand what it means to be resilient. Thank you Doc V, fellow participants, guest speakers, and mentors. You truly changed my life for the better.

Warfighter Advance was a life-changing experience. I walked into EVO 40 not knowing what to expect, but I left with a renewed sense of purpose and strength. Over seven days, a group of strangers became an incredible team, forging a camaraderie I didn't realize I needed. The experience showed me that my fears and anguish were not a mental illness, but a normal part of being human. It reinforced the power of resilience and reintegration, giving me a space to reconnect, share, and grow. What I learned will not only help me but also allow me to support my family, friends, and fellow veterans. I'm deeply grateful to the staff, faculty, mentors, and chaplain for their unwavering support.
