

WARFIGHTER ADVANCE

WHERE WARFIGHTERS COME FOR REAL ANSWERS.

EVOLUTION 045 FEBRUARY 2026

Our goal is the successful reintegration of every warfighter. The ADVANCE 7-Day is a unique program that offers a solution for operational stress, psychological trauma, and reintegration issues while keeping veteran's careers on track. Our program is available to active duty, reserve, veteran, and retired military personnel, as well as first responders. We accept military personnel from any conflict, operation, or branch, and all expenses are 100% covered.

MAJ SHANE HENDERSON, USA, CHAPLAIN

Warfighter Advance completely exceeded my expectations and thoughts about what "might" happen. The mixture of diverse people, experiences, ages, and services all contributed to what felt like a piece of time hollowed out just for us. It felt special. It was not, is not a "program," but an entire community of support and encouragement. It was authentic. It's a place where servicemembers and first responders can be themselves without judgment. I understand the intentionality behind the week-long schedule, but I still wanted to stay longer. I am deeply, deeply appreciative of all who played a part in my EVO. I felt taken care of from the time I showed up to the time I pulled out of the parking lot.

This "ministry" is transformational, revolutionary, counterculture, and so necessary. It's as if WA sets things into motion that need to start moving. The reflection time, building relationships with people from all over, invitations to be vulnerable, invitations to share our stories, what a blessing. And the information put out probably deserves a whole library all by itself. As I type this, I realize how hard it is to put my feelings from EVO 45 into words. As I reflect, I can see the room where we had meals, the tables, the people. I wouldn't have traded anything from my experience - not the snow, the showers, the obstacles, it was all memorable and it was great. I hope to give back to WA. In the meantime, I pray you get all the resources you need to do everything your vision demands.
